Requalification for Medicare

We are working on Requalifying patient's Oxygen for Medicare. Please send the documentation we need to Requalify patient's Oxygen.

Documentation Needed:

1. Per Medicare's new guidelines, we need new office visit notes that discussed Oxygen's benefits & usage
2. Oxygen testing – At rest on room air (if SpO2 is 88% or below then no further testing needed). During exertion on room air (SpO2 must be 88% or below; must complete the 3rd test). During exertion with O2 applied (must show oxygen level increases with oxygen)
3. The provider needs to sign our DWO/Rx request (signature and date must be in the same format; handwritten or electronically signed with a stamp)

Please send the documents to 866-503-8207 ASAP.

Thank you for your assistance!
